Company Profile

La storia della Gyform nasce a Vigo Rendena, in Trentino, alla fine degli anni '50 per iniziativa di Guido Gasperi. Fin dall'inizio la produzione si è basata su principi guida ben definiti: qualità di progetto sia tecnica che estetica, ecocompatibilità e tradizione, ma anche continua innovazione e visione verso il domani.

The history of Gyform was born in Vigo Rendena, in Trentino in the late 50's with the initiative of Guido Gasperi. From the beginning, manufacturing was based on well-defined guiding principles: quality and tradition, as well as continuous innovation and vision towards the future.

In den späten 50ern wurde Gyform durch Guido Gasperi in Vigo Rendena gegründet. Von Anfang an war es die Vision Polstermöbel mit hoher Qualität, extravagantes Design in handwerklicher Tradition zu produzieren. Diese Leitlinien hat sich das Unternehmen aus dem italienischen Trentino bis heute bewahrt.

Attraverso una produzione elegantissima di divani e poltrone, Gyform è diventata un punto di riferimento per l'arredamento di alta gamma in tutto il mondo. Un metodo di lavoro che conserva l'antica cultura dei maestri tappezzieri, coniugandola con l'innovazione tecnologica delle linee di produzione.

Thanks to an elegant fabrication of sofas and armchairs, Gyform has become a benchmark for high-end furnishings all over the world. Gyform uses a working method that preserves the ancient culture of master upholsterers and combines it with the continuous technological innovation of the production lines.

Aufgrund seiner ausgefeilten Produktlinie sowie der teilweise patentierten Funktionen in den Sofas und Sesseln hat sich Gyform weltweit ansehen verschafft. Dank der hohen Produktqualität und der innovativen Techniken arbeiten Architekten und Einrichter auf der ganzen Welt mit der Kollektion.

Lo stabilimento occupa un'area complessiva di 10.000 metri quadrati dove trovano spazio oltre ai reparti produttivi, anche l'area Ricerca & Sviluppo dedicata all'ingegnerizzazione dei prodotti e prototipi, ed un'esposizione interna a disposizione di operatori e professionisti.

Today, Gyform's factory covers a total area of 10.000 square meters where, in addition to the factory floor, there is an area devoted to research and development and product engineering prototypes, as well as a showroom available to staff and trade professionals.

Heute produziert Gyform auf einer Gesamtfläche von 10.000 m² und konnte die neu realisierten Räumlichkeiten die aufgrund der permanenten Expansion benötigt wurden vor kurzem beziehen. Die gesamte Entwicklung und Engineering befindet sich wie auch der 1000 m² Große Showroom in unmittelbarer Nähe zur Produktion.

La facciata esterna è rivestita con una lega speciale di rame e zinco. Il prodotto che ne deriva è un materiale che cambia aspetto in modo del tutto suggestivo ed unico quando esposto agli agenti atmosferici.

The material used for the exterior facade is a special alloy of copper and zinc. The result is a robust material that changes dramatically when exposed to the elements.

Die sehr imposante Aussenfasade aus einer speziellen Legierung aus Kupfer und Zink verleiht dem Gebäude seine unverwechselbare Ausstrahlung und unterstreicht durch den gewollten Oxidationsprozess des Metalls den Wechsel der Zeit.

Company Showroom

Il 2013 ha visto l'inaugurazione di un nuovo show-room di 1000 metri quadrati distribuito su due piani con sala riunioni, servizi e coffee-room, oltre a due nuovi magazzini ed un deposito pellami per altri 1500 metri complessivi, che si vanno ad aggiungere ai 5000 metri quadrati coperti già esistenti. Classificato come "energy zero", il nuovo stabile è in grado di utilizzare pochissima energia per il suo funzionamento seguendo criteri costruttivi all'avanguardia.

The year 2013 saw the opening of a new showroom spanning 1,000 square meters on two floors with meeting rooms, eating amenities, as well as two new warehouses for storing of leather which adds another 1,500 meters which adds 5,000 square meters of covered area that already exist. Classified as "zero energy", the new facility is able to use the least amount of energy for its operation following a highly developed construction criteria which makes it sustainable.

Die Eröffnung des neuen Showroom im Jahre 2013 stellte einen weiteren Meilenstein in der kontinuierlichen Entwicklung des Unternehmens dar. Auf 2 Etagen können interessiertes Fachpublikum, Fachhändler und Architekten sich einen Überblick ueber die gesamte Kollektion verschaffen. Bei der Realisierung des Gebäudes wurde besonders auf Nachhaltigkeit geachtet und das Gebäude komplett im Null Energie Standard errichtet.

Production Process

In Italia e all'estero Gyform è sinonimo di qualità. Ogni dettaglio è curato nel particolare. Ogni pezzo è realizzato in ogni sua componente da materiali di primissima qualità. Le strutture dei divani sono esclusivamente in legno massello di faggio, pioppo, pino o abete, con particolari di sostegno in multistrato, ed assemblate manualmente per garantire durabilità nel tempo.

In Italy and abroad, Gyform is synonymous with quality. Every detail is precisely designed, and each component is made from the highest quality materials. The structures of sofas are exclusively made of solid beech, poplar, pine or spruce, all with multi-layered special support and assembled by hand to ensure durability.

Gyform ein Synonym für Design und Qualität weit über die Grenzen Italiens hinaus. Jedes Detail ist genauestens geplant und wird durch Fachleute mit jahrelangem Know-How liebevoll verarbeitet. So verwendet Gyform ausschließlich hochwertigste Materialien von massiven Rahmenkonstruktionen bis hin zu natürlichen Ledern für die Erstellung dieser zeitlos eleganten Möbel.

Tessuti e pellami vengono meticolosamente controllati da esperti del settore per eliminare eventuali imperfezioni ed essere avviati alle operazioni di taglio. Una volta tagliate le dime, ogni singolo pezzo viene nuovamente supervisionato. Ordine alla mano, si ricompongono i tagli da inviare al reparto cucitura, dove il personale altamente specializzato si occupa delle finiture.

Nel reparto di assemblaggio il prodotto assume la sua configurazione definitiva e subisce un ultimo meticoloso controllo prima di essere avviato al settore spedizioni. Una ricerca attenta anche dal punto di vista ecologico, con la limitazione e/o l'eliminazione di contaminanti chimici.

Fabrics and leathers are meticulously checked by experts to exclude any imperfections and to be prepared for cutting operations. Once cut, each piece is again supervised for consistency and quality control. The cut segments are then sent to the sewing department, where highly skilled staff take care of the finishing details.

In the assembly department the product takes its final form and undergoes a thorough final inspection before being sent to the shipping section. A careful inspection is also carried out from the ecological point of view, with the limitation and / or elimination of chemical contaminants.

Alle eingesetzten Materialien unterliegen selbstverständlich einer peinlich genauen Prüfung durch unsere Experten und werden nur nach unseren Vorgaben produziert und anschließend Verarbeitet. Verarbeitet in handwerklicher Tradition, italienische Design, nachhaltige Produktion, hochwertige Materialien das sind einige Key-Facts der Möbel die dazu beitragen aus einem Gyform Möbel ihr persönliches Lieblingsstück zu kreieren.

Zeus

design Alessia Gasperi

Zeus interpreta il comfort contemporaneo attraverso un linguaggio essenziale e sofisticato. Un sistema di sedute dalle proporzioni equilibrate e dal design pulito, pensato per offrire un'esperienza di relax evoluta.

Zeus interprets contemporary comfort through an essential and sophisticated language. A seating system with balanced proportions and a clean design, conceived to offer an elevated relaxation experience.

Zeus interpretiert zeitgemäßen Komfort durch eine essenzielle und raffinierte Formensprache. Ein Sitzsystem mit ausgewogenen Proportionen und klarem Design, das konzipiert wurde, um ein gehobenes Entspannungserlebnis zu bieten.

I dettagli sartoriali, come le cuciture del cuscino schienale, ne definiscono il carattere elegante, mentre i piedini rialzati alleggeriscono visivamente la struttura, creando una sensazione di sospensione e leggerezza. Un equilibrio raffinato tra comfort evoluto, purezza formale e cura del dettaglio.

Tailored details, such as the stitching on the backrest cushion, define its elegant character, while the raised feet visually lighten the structure, creating a sense of suspension and lightness. A refined balance between elevated comfort, formal purity, and attention to detail.

Maßgeschneiderte Details wie die Nähte des Rückenkissens definieren seinen eleganten Charakter, während die erhöhten Füße die Struktur optisch leichter wirken lassen und ein Gefühl von Schweben und Leichtigkeit erzeugen. Ein raffiniertes Gleichgewicht zwischen gehobenem Komfort, formaler Reinheit und Liebe zum Detail.

La seduta scorrevole, regolabile in tre posizioni con estensione fino a 35 cm, e lo schienale reclinabile con 24 regolazioni consentono di modulare con precisione la profondità e il sostegno, adattando il divano a ogni momento della giornata.

The sliding seat, adjustable in three positions with an extension of up to 35 cm, and the reclining backrest featuring 24 settings allow for precise modulation of depth and support, adapting the sofa to every moment of the day.

Die verschiebbare Sitzfläche, in drei Positionen verstellbar mit einer Auszugslänge von bis zu 35 cm, und die neigbare Rückenlehne mit 24 Einstellmöglichkeiten ermöglichen eine präzise Regulierung von Tiefe und Halt, wodurch sich das Sofa an jeden Moment des Tages anpasst.

Un sistema dinamico capace di evolvere insieme alle esigenze quotidiane senza mai rinunciare alla sua innata eleganza.

A dynamic system that evolves with daily needs, never sacrificing its innate elegance.

Ein dynamisches System, das sich Ihren täglichen Bedürfnissen anpasst, ohne jemals seine ihm eigene Eleganz einzubüßen.

Dettaglio della seduta scorrevole, regolabile in tre posizioni con estensione fino a 35 cm, e dello schienale reclinabile con 24 regolazioni.

Achille

design Alessia Gasperi

Un sistema di sedute flessibile e poliedrico, arricchito da armoniosi dettagli couture. Dalla matericità dei tessuti bouclé all'eleganza contemporanea della pelle, il rivestimento valorizza i volumi segnati da accenti sartoriali lineari sulle sedute, che conferiscono ritmo e movimento. Con Achille nascono diversi elementi, accostabili tra loro: divani lineari, laterali, penisole, pouf, trapezi e chaise longue.

A flexible and multifaceted seating system enhanced by harmonious couture details. From the materiality of bouclé fabrics to the contemporary elegance of leather, the upholstery enhances the volumes marked by linear, sartorial accents on the seats which give rhythm and movement. A variety of elements are born with which can be juxtaposed with each other, including linear sofas, side sofas, peninsulas, poufs, trapezes and chaise longue.

Entdecken Sie ein flexibles und vielseitiges Sitzsystem, das durch exquisite Couture-Details veredelt wird. Von der luxuriösen Textur der Bouclé-Stoffe bis zur zeitlosen Eleganz des Leders – die Polsterung betont die üppigen Volumen, die durch die klaren, linearen Akzente der Sitze hervorgehoben werden, und verleiht ihnen einen dynamischen Rhythmus und Bewegung. Achille bietet eine Vielfalt an Elementen, die sich nahtlos kombinieren lassen: lineare Sofas, Seitensofas, Halbinseln, Poufs, Trapeze und Chaiselongues.

Morfeo

design Alessia Gasperi

La versatilità del sistema di sedute Morfeo si esplica nella realizzazione di infinite disposizioni – dalle sedute singole come i pouf o le chaise longue, al classico 2 posti o alle isole con sedute a 360° che diventano il fulcro della zona soggiorno – grazie alla combinazione dei diversi elementi. Piedi a lama sostengono la base, sollevando la seduta e fornendo un effetto flottante e di estrema leggerezza.

The versatility of the Morfeo seating system is expressed in the creation of infinite arrangements-from single seats such as ottomans or chaise longues, to the classic 2-seater or islands with 360-degree seating that become the centerpiece of the living area-thanks to the combination of different elements. Blade feet support the base, lifting the seat and providing a floating effect of extreme lightness.

Das Morfeo-Sitzsystems bietet eine außergewöhnliche Vielfalt an Konfigurationmöglichkeiten. Von Einzelsitzen wie Ottomane oder Chaiselongue bis hin zu klassischen 2-Sitzen oder Inseln mit Rundum-Bestuhlung, die Optionen sind sicher endlos. Durch die Kombination verschiedener Elemente wird der Wohnbereich zum Mittelpunkt des Raums. Die Klingenfüße geben dem Sitzsystem eine solide Basis, heben den Sitz leicht an und erzeugen einen schwebenden Effekt, der für eine außergewöhnliche Leichtigkeit sorgt.

Il suo aspetto apparentemente semplice dà vita ad un linguaggio sofisticato che può essere declinato all'infinito accostando moduli, elementi trapuntati o lisci, braccioli larghi e bassi o alti e stretti o, ancora, elementi con piano d'appoggio integrato. Nell'immagine, composizione double-face in tessuto Paddington bianco. Elemento 230cm con piano d'appoggio sinistro e schienale con trapuntatura orizzontale; chaise longue 120x145cm senza bracciolo con cuscino seduta trapuntato; pouf 120x80cm; pouf 230x80cm con piano d'appoggio e cuscino seduta trapuntato. Cuscini schienale 65cm in tessuto Paddington bianco; cuscinetto 50x50cm in tessuto Paddington ruggine; due cuscinetti 50x50cm in tessuto Downtown ruggine; due cuscinetti in tessuto Downtown verde; cuscinetto 50x50cm in tessuto Paddington verde.

Its seemingly simple appearance gives rise to a sophisticated language that can be endlessly declined by juxtaposing modules, quilted or smooth elements, wide and low or high and narrow armrests, or, again, elements with integrated tabletops. In the image, double-face composition in white Paddington fabric. Element 230cm with left shelf and back with horizontal quilting; chaise longue 120x145cm without armrest with quilted seat cushion; pouf 120x80cm; pouf 230x80cm with shelf and quilted seat cushion. Back cushions 65cm in white Paddington fabric; pad 50x50cm in rust Paddington fabric; two pads 50x50cm in rust Downtown fabric; two pads in green Downtown fabric; pad 50x50cm in green Paddington fabric.

Das scheinbar schlichte Design verbirgt eine anspruchsvolle Ästhetik, die durch die Auswahl von Modulen, gesteppten oder glatten Elementen, breiten und niedrigen oder hohen und schmalen Armlehnen sowie Elementen mit integrierter Tischplatte unendlich viele Interpretation Möglichkeiten bietet. Auf dem Bild, doppelseitige Komposition in weißem Paddington-Stoff. Mojito

design Alessia Gasperi

La forza progettuale di Mojito si trova nei dettagli, come i piedini in primo piano avvolti da una fettuccia che può essere realizzata in tono con il rivestimento del divano oppure in contrasto. Accogliente, raffinato ed informale al tempo stesso, questo sistema di sedute presenta una linea versatile che gli consente di inserirsi con stile ed eleganza negli ambienti più diversi.

Details in design are Mojito's special strengths, such as the feet in the foreground wrapped in a tape that can match or be in contrast with the tone of the sofa upholstery. Welcoming, refined and informal at the same time, this seating system has a versatile line that can fit any environment with style and elegance.

Das ausseggwönliche Design von Mojito liegt begründet in den sehr ausgeprägten Details, wie zum Beispiel den optisch im Vordergrund arrangierten Füßen, die mit dem jeweiligen Bezugsstoff kaschiert werden können. Dieses einladende, raffinierte und informelle Sitzsystem verfügt über eine einzigartige Linie, die es ermöglicht, sich in die unterschiedlichsten Umgebungen mit Stil und Eleganz einzufügen.

Oliver

design Alessia Gasperi

Linee morbide e volumi slanciati, impreziositi ed esaltati dal dettaglio stilistico della cucitura in rilievo che profila l'esile struttura e le cuscinate, conferendo grande personalità. Attraverso i suoi elementi modulari è possibile immaginare una molteplicità di combinazioni, creando inediti giochi di volumi, seguendo un ritmo di pieni e vuoti. La struttura appoggia su un'elegante base in metallo verniciato nero lucido.

Gentle lines and slender volumes, embellished and enhanced by the stylistic detail of the seam in relief that shapes the thin structure and the cushions, giving great personality. Through its modular elements it's possible to imagine a multiplicity of combinations, creating mix of soft volumes, following a rhythm of full and empty spaces. The structure rests on an elegant base in black polished metal.

Weiche Linien und schlanke Silhouette, die durch das stilistische Detail der erhöhten Naht, die dünne Struktur und die Kissen formt, verschönert und aufgewertet werden. Durch seine modularen Elemente ist es möglich, sich eine Vielzahl von Kombinationen zu kreieren, die neue Volumenspiele im Rhythmus voller und leerer Räume schaffen. Die Struktur ruht auf einer eleganten Basis aus glänzend schwarz lackiertem Metall.

LETTI
BEDS

Oliver bed

design Alessia Gasperi

Il letto Oliver coniuga i principi estetici alla base del concept che ha originato il medesimo sistema di sedute. La cucitura in rilievo che profila la testata imbottita e la base in metallo nero lucido che solleva la struttura conferiscono un tono di raffinata eleganza. I rivestimenti in tessuto e pelle offrono una vastissima possibilità di personalizzazione.

The Oliver bed combines the aesthetic principles and underlying concept that originated the same seating system. The raised stitching that outlines the padded headboard and the black polished base that raises the structure give it a tone of refined elegance. The fabric and leather cover offers a huge range of customization possibilities.

Das Oliver-Bett kombiniert die ästhetischen Prinzipien, die dem Konzept zugrunde liegen, aus dem das gleiche Sitzsystem hervorgegangen ist. Die erhabene Naht, die das gepolsterte Kopfteil umreißt, und die glänzende schwarze Basis, die die Struktur anhebt, verleihen ihr einen Ton von raffinierter Eleganz. Die Stoff- und Lederpolsterung bietet eine Vielzahl von Anpassungsmöglichkeiten.
